

Dear Corporate Partner/Sponsor:

The Association of Medicine and Psychiatry (AMP) is proud to extend a Corporate Partnership/Sponsorship program opportunity for our industry partners.

The principal objective of the Association is to enhance the care of patients with concurrent physical and neuropsychiatric disorders through teaching, the development of clinical services and research. This objective shall be achieved:

1. By the development of educational programs consisting of scientific and applied information about problems commonly encountered in patients with concurrent medical and psychiatric difficulties.
2. By the development of curricula and teaching materials for students, residents and fellows in the primary specialties
3. By the development of guidelines for residencies in "Medical/Psychiatry", fellowships in "Psychiatry in the Medically Ill" for primary physicians, Medical/Psychiatry Units, and Medical/Psychiatry Clinics.
4. By setting priorities and fostering basic and applied research in the care of patients with both physical and psychiatric problems.
5. By participation in national forums related to the assessment, treatment and research funding of projects pertinent to the care of patients with combined illness.

We need your help to sustain our efforts and our mission. There are a variety of benefits offered to our corporate partners/sponsors. It provides your organization with an excellent opportunity to nurture successful relationships with the psychiatric community.

We would like to thank you for your support of the Association of Medicine and Psychiatry. If you have any questions about becoming a Corporate Partner/Sponsor or the corresponding benefits, please do not hesitate to contact Chris Stockton at **(800) 544-6283** or via email at manager@assocmedpsych.org.
